PIXEL FOR PIXEL™

The World's Finest Home Theater Products™

Runco is known for providing the best video products and solutions for home theater applications, and the company continues that tradition with the PlasmaWall™ PL-61cx. This addition to the Runco PlasmaWall™ line is one of the largest plasma monitors available on the market today. In fact, the PL-61cx is large enough to be used as the centerpiece of any home theater, and slim enough to be used in any type of room or environment. Its size is only one of its advantages. It also has the highest resolution of any plasma available today, is bright enough to be used in any lighting situation, and can be mounted on a wall, ceiling or tabletop. An astounding 1000:1 contrast ratio ensures extremely smooth transitions from the deepest blacks to the brightest whites. The ultra high resolution of the PL-61cx makes it capable of delivering the most stunning pictures from HDTV sources of any plasma panel available. To ensure maximum performance with all other video sources, the PL-61cx is packaged with a PFP Controller that scales NTSC and PAL video to match the native resolution of the display. This, combined with the PFP's 10-bit video processing, enables the PL-61cx to provide outstanding performance even with lower resolution video sources.

FEATURES:

- Native resolution of 1366 x 768
- 61-inch diagonal screen
- PFP Controller included
- Only 5 inches thin
- Ideal for areas with ambient light
- Great for situations where an RPTV or front projector cannot be used
- Digital input with HDCP
- HDTV Compatible

PL-61CX PLASMA SPECIFICATIONS:

Native Resolution:	1366 x 768	Power Requirements:	100-240V AC, 50/60 Hz
Screen Size:	61-in. (diagonal)	Power Consumption:	660W
Screen Aspect Ratio:	16:9	Operating Environment:	32°-95° F (0°-35°C), 20-80% Humidity (non-condensing)
Available Aspect Ratios:	4:3, Letterbox, 16:9 Anamorphic, Virtual Wide	Dimensions:	Width: 59 3/8 in. (1508 mm) Depth: 5 in. (127.00 mm) Height: 36 1/8 in. (917.60 mm) Weight: 140 lbs. (63.5 kg)
Image Area (W x H):	54 in. (1372 mm) x 29 3/4 in. (755.60 mm)	Regulatory Approvals:	FCC, CE, C-Tick
DTV Compatibility:	480p, 720p, 1080i	Limited Warranty:	(3) Three years parts and labor (not including the plasma glass panel) from the date of delivery to the end user. (1) One year parts and labor on the plasma glass panel from the date of delivery to the end user.
Contrast Ratio:	1000:1		
Data/Graphics Capability:	640 x 400 to 1600 x 1200		
Inputs:	(1) RGB/Component, (1) RGB 15 pin, (1) DVI-Digital w/HDCP, (1) Component, (1) Composite, (1) S-Video		

Tablestand or wall mount available separately

PFP CONTROLLER SPECIFICATIONS (Included with the PL-61cx):

Aspect Ratios:	Anamorphic, Letterbox, 4:3 (on either 16:9 or 4:3 screens)	Power Requirements:	100-240V AC (auto sensing) 50/60 Hz, 15W
Video Standards:	NTSC/PAL	Operating Environments:	41°-95° F, (5°-35° C), 0%-90% Humidity (non-condensing)
Outputs:	Native Resolution: 768p; HD Pass-through: Up to 1080p	Dimensions (w/out feet):	Width: 17 1/2 in. (444.50 mm) Depth: 16 in. (406.40 mm) Height: 3 1/2 in. (88.90 mm) Weight: 16 lbs. (7.3 kg)
Inputs:	(1) Composite, (1) S-Video, (1) Component, (1) Pass-through	Included Accessories:	Rack mounting brackets
Control Options:	Infrared (with discrete on/off, aspect ratio and source selection), RS-232, and Front Panel	Regulatory Approvals:	Complies with FCC Class B, CE, C-Tick
Screen Trigger/Masking Outputs:	(2) 12V DC, 1/8A	Limited Warranty:	(2) Two years parts and labor from the date of delivery to the end user.
